PROJECTS & IMPROVEMENTS @ CAMP

Hello everyone, with 2018 now over we have already started planning for exciting new things for 2019. Check out this year's projects and let's get excited for 2019's continued improvements of camp!

MITCH'S CORNER

I am sure everyone is back in the swing of the “school thing” and I hope that your kids are constantly bringing up “camp stuff” to you. Please feel great that camp is so important to them and encourage the conversations and stories. By doing so, you will get closer to your child(ren) and you will become a part of their camp life. Camp is an escape for them (a happy place) and they like to go back to it and feel free of the stress they have on them the rest of the year.

Over the upcoming holiday season you will have a lot of time to spend with them. Enjoy the memories!

Then. Now. Always!!

Mitch

A LETTER FROM

ODIE, MONICA & AUSTIN

Every summer at camp parents always ask me “So what do you do during the rest of the year?” It’s an interesting question for camp directors to hear. Obviously, nothing is meant negatively by the question but it does bring up the point that people really don’t know what we do all year long. Running a great camp takes a great year-round team, listening to our families of what worked and didn’t work, what’s fun and exciting that we can make part of our summer, hiring staff, recruiting campers, a commitment to never settling and continuing to get better. Many of you might not know but we send our year-round staff all

over the country and the world to recruit the best staff in the world. We go to Australia, New Zealand, UK, Poland, Czech Republic, Hungary to attend large job fairs. It allows us to meet our future staff in person. Many of our returning staff will meet us at the fairs to help recruit and share their stories of camp. We also do over 150 home visits and tours all over the north east. Working nights and weekends to meet as many families as possible. We even travel as far as Italy, France and Spain to meet our international campers (tough job but someone has to do it!) Every Winter we spend 100’s of hours examining our program. Reviewing all the feed back from the staff, campers and parents to find what we can do better and what we can add to camp! All of this just leads up to the best part, having our kids pull up on the buses and step off to hug their counselors and friends, letting summer officially start! We can’t wait for summer to get here but lots to do before hand. See you all soon. Stay warm, think camp!!!

Then Now Always,
Odie, Monica, and Austin

Welcome to the

CAMP LINDENMERE FAMILY!

This is going to be a terrific summer! We can't wait for you to try out all the majors and minors that camp has to offer. We are planning AWESOME trip days and evening activities. Bunks Construction

We are excited with all the construction going on at camp right now. Having our permits in order from last year we were ready to start the remodel of the bunks on girls side September 1st. We are already in our final stages of completing all of the bunks on girls side. We should be completely done by January. We have also began gutting all the remaining bunks on boys side. Once we are finished on girls side the construction teams will move on to finishing the 7 bunks left to do on boys side. Not only are we gutting every bunk and replacing them with new floors, knotty pine walls and ceilings, entirely new bathrooms, AC in every bunk and we are adding not 1, but 2, on demand water heaters to each building. By doing so we should be eliminating the issues with not enough hot water during shower time (within reason girls side, no 20 minute showers!) We want the best for our kids and know that hot water has always been a big issue at all camps.

Lake Improvements

As many of you saw last year we made massive improvements to the lake. We are continuing to make the lake the best possible experience for our campers. During post camp we had a crew run water and power to the lake! Water fountains have been installed by the lake shed and bbq area. We also completed the camp fire area as well. Smores anyone!?! Continuing with our lake management companies plan we stocked the lake this fall with over 5000 golden shiners. This is going to build a stable food source for our bass population. Allowing them to grow so that our anglers are getting a shot to reel in some real big bass! The shiners will settle in over the winter and then in the spring start to spawn. Once they are established we will be bringing in a new gene pool of bass that will further help the population grow.

Fall Foliage

We want to thank everyone who joined us for Fall Foliage! We loved meeting some of our new camp families and always enjoy reuniting with old! Everyone had a blast whether they got creative with one of our arts and crafts projects, reached their inner chef and made a delicious caramel apple, or went on a hayride enjoy the beautiful autumn colors at camp. What better way to end a day at camp than with s'mores around a campfire that instantly brought us back to Friday nights at Teepee Village during the summer! We hope everyone who went on a tour had a wonderful experience getting to know camp and seeing some of the improvements we are making! The best part is, this means summer 2019 is fast approaching! Happy Fall!

Then. Now. Always!

Mitch- "I am thankful to have my family, and knowing that camp is not that far off!"

Craig, Monica, & Austin-
"We are thankful that our family is part of something so special providing a warm and nurturing place for our campers to grow into the wonderful young people that they are."

AJ- "I'm thankful for great roommates, all of my friends and family here at Lindenmere, and around the world. I always cherish the opportunity to embrace doing what I love everyday."

Dawda- "I am thankful for friends, family, Lindenmere, and having wonderful co-workers/livingmates!"

Wes- "I am thankful for all the wonderful memories and friendships I have because of Lindenmere and for great housemates!"

Johnny & Pammy - "We are thankful to have Camp in our lives all year round. We cherish the memories we have from each summer and are counting down the days till we are all together."
